Excipients	q.s

Appropriate overages have been added to compensate the loss on storage.

OTHER INGREDIENTS

Anticaking agents, Antioxidant

Contain Permitted Class II preservative

Flavour: Mango

DESCRIPTION

Matador™ HG is a nutritional supplement designed to vitalize hair as it contains a combination of Taurine, L-Arginine, Green Tea Extract, Zinc Methionine & Biotin. **Matador™ HG** does much more than simply supply nutrients. It work from deep within the roots to actively and continuously boost the growth of thick, dense glossy hair. **Matador™ HG** stops hair loss, promotes hair growth & revives hair mass.

- **Taurine:** Taurine's benefits for hair are not gender specific as the effects of fibrosis on hair do not apparently discriminate on the basis of gender. Taurine has potent anti-fibrotic effects on the hair follicle matrix and pilosebaceous unit. Taurine is absorbed by hair bulbs & acts as antifibrotic agent (inhibits the inflammation mediated hardening or rigidification of the hair follicle matrix by inhibiting TGF-B1)
- **Green Tea Extract:** A potent inhibitor of 5-alpha reductase the isozyme that converts testosterone into DHT (Dihydrotestosterone)
- **Biotin:** Penetrates the hair shaft directly, making it expand and thicken the cuticle. Helps to keep hair thick and strong
- **L-Arginine:** protect hair from excessive damage from hair coloring and bleaching; boost blood circulation to the hair root and follicle, boosting hair growth
- **Zinc:** required for the normal division of hair follicle cells, leading to healthier hair growth, keep hormone levels balanced, help eliminate dandruff on the scalp as well & provide strength to hair.

INDICATIONS

Matador™ HG supplementation is believed to be beneficial in various etiologies:

- Follicular miniaturization
- Androgenic alopecia
- Hair growth & nourishment
-

DOSAGE AND ADMINISTRATION

One sachet once a day or as prescribed by the physician

CONTRAINDICATIONS

Matador™ HG is contraindicated in those hypersensitive to any component listed above.

USE IN SPECIAL POPULATION

Pregnancy and Lactation

There are no adequate and well controlled studies of this formulation in pregnancy. **Matador™ HG** should be used in pregnancy only if the potential benefit justifies the risk to the foetus.

SIDE-EFFECTS AND SPECIAL PRECAUTIONS

Till date, no side-effects have been reported with **Matador™ HG**. Special precaution should be taken in following cases:

Taurine: Taurine might have an effect like a water pill or "diuretic." Taking taurine might decrease how well the body gets rid of lithium. Talk with your healthcare provider before using this product if you are already taking lithium.

L-Arginine: L-arginine seems to decrease blood pressure. Taking L-arginine along with medications for high blood pressure might cause your blood pressure to go too low.

Zinc: Taking zinc along with some antibiotics might decrease the effectiveness of some antibiotics. To avoid this interaction take zinc supplements at least 1 hour after antibiotics.

OVERDOSAGE

In case of overdose, symptomatic and supportive treatment is indicated.

RESENTATION

One box of **Matador™ HG** contains ten sachets of 5 gm each.

STORAGE

Store in cool, dry and dark place. Keep out of reach of children.
